

Greetings, patients & friends!

We are THRILLED to announce that orthodontic offices in our area have been approved to resume business this upcoming Friday, May 1st! We will be seeing both new & current patients in-office. We are so excited to see your smiling faces!

We will begin calling upon our patients to get your appointments rescheduled - so to anyone whose appointment had to be canceled due to the temporary closure, be on the lookout for our call & we will get you back on the books!

There are a few temporary additional safety measures & protocols that we will be implementing to keep in mind ahead of your next appointment:

- 1) We ask that all patients please fill out this Wellness Form BEFORE coming in for your appointment: <https://book.getweave.com/8b5cc5d2-589c-4e0f-9cc5-ff0fd42115b7/wellness>
- 2) We kindly require that you reschedule your appointment if you are experiencing any type of fever/coughing/illness.
- 3) For the time being, we will not be utilizing our waiting room for the safety of our patients & will be practicing **CURBSIDE CHECK IN**. To check in for your appointment, please text or call us at 405.227.0054 & we will call you in when as soon as we are ready to bring you back!
- 4) We ask that only **ONE** guest comes along with patients to their appointments to minimize the number of people in the office and allow for social distancing.

Thank you so much for your patience & understanding regarding these temporary additional protective measures we will be taking - giving you the exceptional treatment & smile you deserve while keeping you safe is always our top priority & concern! We can't wait to see you very soon!

Sincerely,

The Red Dirt Ortho Team
